# What is Sarum Lights: Time about?

'Time' is an extraordinary exploration of humanity's relationship with the concept of time. Through the immersive projected artworks visitors will traverse wormholes, venture inside the intricate workings of clocks and experience a dramatic narrative that stretches from the present day back to the very beginning of time.

# Arrival

Please leave plenty of time to arrive at your ticket time. Visit the outside experience first (10min show), then you can explore inside at your leisure.

There is no parking on site. The nearest car parks are Crane Street and New Street.

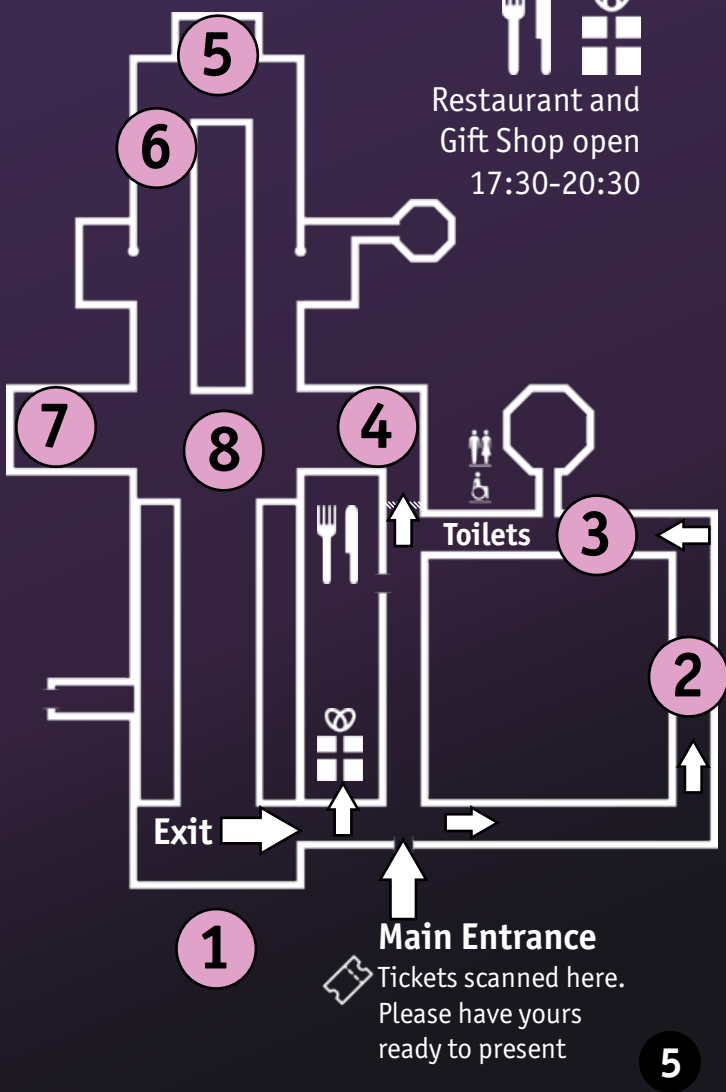

# Map

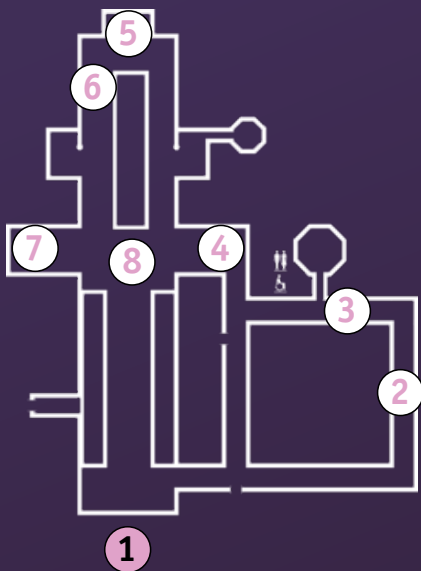

Well behaved dogs are allowed but, please only bring your dog if they are comfortable with loud noises, crowds and flashing lights.

Restaurant and Gift Shop open 17:30-20:30

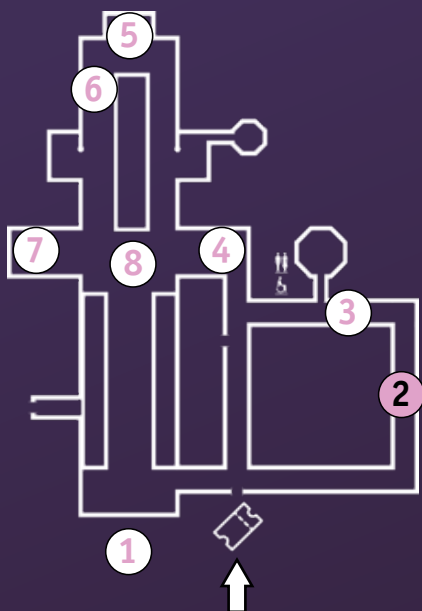

# Humans through Time

**1** West Front

 Duration: 10 mins

Begin your journey outside on the grounds. See artwork projected onto the facade of the West Front of the Cathedral entitled 'Humans through time'. In this artwork, you will be travelling back in time through examples of how humans have represented themselves - back to early mark making and cave painting.

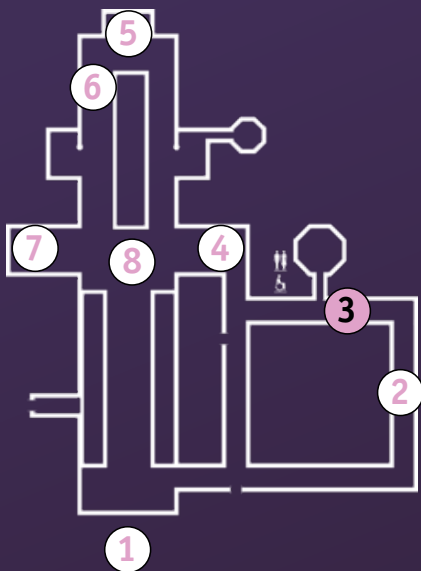

# Relativity

## 2 Cloisters

Tickets scanned here. Please have yours ready to present

After watching the sound and light show on the West Front, enter the Cathedral and walk through the Cloisters. Here you are immersed as you walk through projections showing Einstein's theories of relativity that envelop the Cloister architecture.

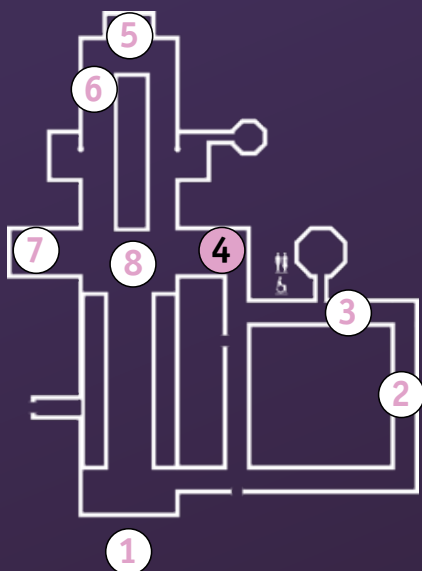

## HG Wells

### 3 Cloisters

As you continue walking through the Cloisters, you are immersed in text from the 1895 science fiction novel, *The Time Machine* by HG Wells, about a Victorian scientist known as the Time Traveller who travels approximately 800,806 years into the future. Wells' novel is known for popularising the concept of time travel by using a vehicle or device to travel.

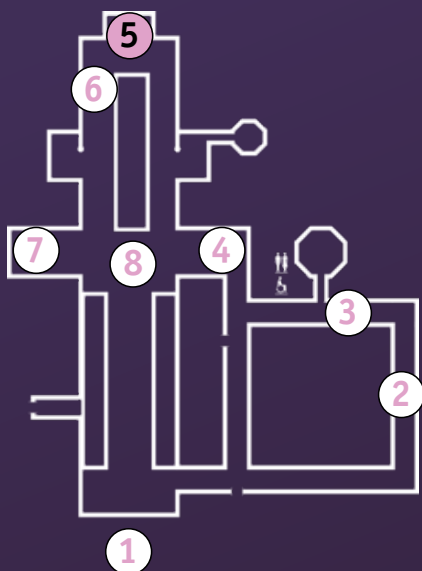

## Timelapse

### 4 South Transept

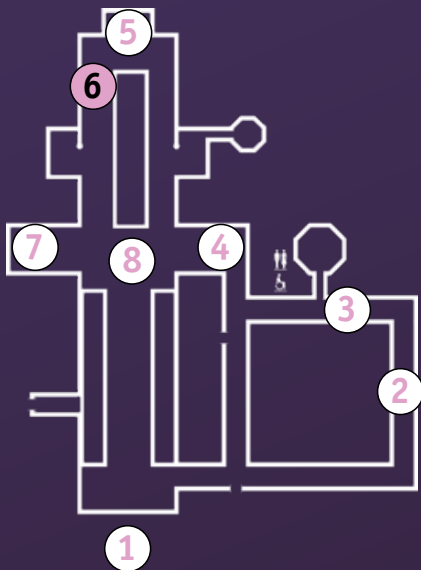

As you enter the South Transept you will see a sound and light installation that allows you to experience time in reverse as objects reflecting time are seen travelling backwards.

## Ageing

### 5 Trinity Chapel

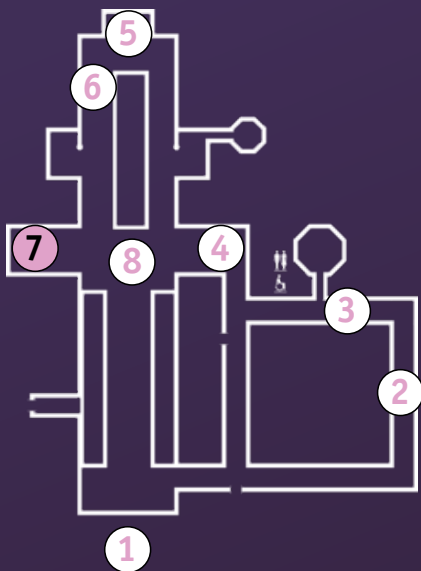

As you enter the Trinity Chapel you will see a poignant installation piece which takes you through time - from birth to the end of life.

## Wormholes

### 6 North Quire Aisle

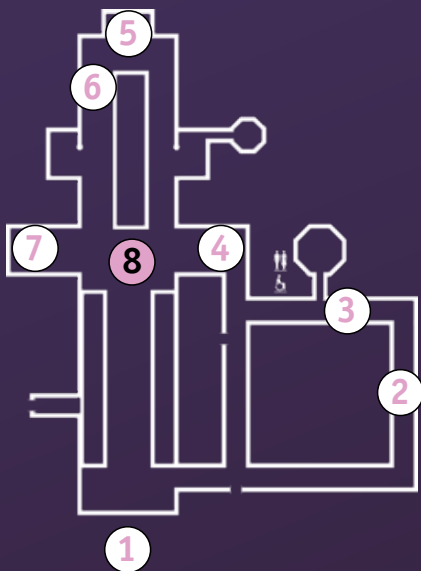

You are immersed in light as you wander down the North Quire Aisle entering wormholes between parallel times.

## Endless Time

### 7 North Transept

Participate in the creation of a display that grows and evolves over the time of Sarum Lights. Write a message to yourself, either your younger self, yourself today or your thoughts for the future, that will form part of this display. Above this area, you will experience sound and light artwork that appears and sounds like the endless clicking of time.

## TIME

### 8 Nave

On entering the Nave area, you will experience a fully immersive journey with the installation 'Time'. Dazzling projections will take you from the present day right back to the beginning of time.
